 school-appeal-letter.pdf (~496 KB)

Respected Shri Narendra Modi ji, Shri Ram Nath Kovind ji,

Most of the schools in India have been closed for the vast majority of students since the lockdown started in Mar 2020. The cost-benefit analysis is overwhelmingly in favour of reopening schools. Recently there is talk of vaccinating children under 18 years of age against Covid-19. The risk benefit analysis behind this is overwhelmingly against vaccinating them. We detail these in this appeal (attached).

This appeal can be found in electronic form at: <https://tinyurl.com/schoolappealletter>

Yours Sincerely,

Bhaskaran Raman,
Professor, Department of CSE, IIT Bombay, Mumbai. (br@cse.iitb.ac.in, 9820082064)
