-----

**Dated this the 01<sup>st</sup> day of September, 2022**

**ORDER**

The documents on record *prima facie* shows that the petitioner's husband died due to adverse events following immunization. This writ petition is filed seeking the following reliefs;

"i) Set aside Exhibit P9 issued by the 5<sup>th</sup> respondent in response to Exhibit P8.

ii) Issue a writ in the nature of mandamus or any other writ, direction or order directing the respondents to grant *ex gratia* compensation offered to families of deceased who have succumbed to Covid 19 to the petitioner and her children."

2. When the matter was taken up on previous occasion, learned ASG was directed to get instructions as to whether the Government of India has formulated any policy for compensating the victims of adverse events, following Covid-19 vaccination. Learned ASG submitted that no

such policy has so far been formulated.

3. Sitting in this jurisdiction, I have come across at least three cases where pleadings are to the effect that the person who had undergone Covid-19 immunization vaccination had succumbed to the after effects of vaccination. Therefore, even if the numbers are very few, there are instances where persons are suspected to have succumbed to the after effects of immunization. In such circumstances, respondents 2 and 8 are bound to formulate a policy for identifying such cases and compensating the dependants of the victim. The second respondent is hence directed to formulate policy/guidelines for identifying cases of death due to the after effects of Covid-19 vaccination and for compensating the dependants of the victim. The needful in this regard shall be done as
